### Save money on printing with HP Instant Ink.

HP Instant Ink is HP's subscription service that delivers ink before you need it, so you never run out again. Affordable plans start at \$0.99 a month and include ink, shipping, and a prepaid recycling envelope.

#### How it works:

- Pick a plan based on how much you print (not how much ink you use).
- Every page costs the same, so printing high resolution photos is the same price as black and white documents.
- Your printer knows when it's running low on ink and automatically sends more, so you never run out.

**Help our PTA and our school, and save on up to 50% ink.  
Sign up using the link you received in our PTA's recent email.**
